Sequel Youth and Family Services Announces Transition Plan for Madison Students

Sequel working with state of Alabama to relocate 51 students to suitable accommodations across state

MADISON, Ala. (August 19, 2019) – Sequel Youth and Family Services today announced plans to relocate 51 students from Sequel TSI Madison to other residences throughout Alabama this week. Sequel is working with Alabama’s Department of Youth Services and Department of Human Resources to ensure a safe and systematic transition.

“Our highest priority is ensuring our students receive the attention, care and services they deserve,” Sequel CEO Chris Roussos said. “These kids have already had to face a lot of challenges. We are working closely with the state to ensure as smooth a process as possible given the seven-day timeframe provided by the Madison City Council.”

Sequel has had a longstanding commitment to the state of Alabama. The organization employs more than 250 staff in Alabama, and has worked with youth in the state since 1996. Sequel has operated the TSI Madison program since 2009, and the facility has been part of the community for more than two decades.
